

# UP TO 76 ELEMENTS MAKE UP

Calcium	Bismuth	Fluorine	Lead	Praseodymium	Terbium
Chloride	Boron	Gadolinium	Lithium	Rhenium	Thallium
Magnesium	Bromine	Gallium	Lutetium	Rhodium	Thorium
Phosphorus	Cadmium	Germanium	Manganese	Rubidium	Thulium
Potassium	Carbon	Gold	Molybdenum	Ruthenium	Tin
Sodium	Cerium	Hafnium	Neodymium	Samarium	Titanium
Sulfur	Cesium	Holmium	Nickel	Scandium	Tungsten
Antimony	Chromium	Hydrogen	Niobium	Selenium	Vanadium
Arsenic	Cobalt	Indium	Nitrogen	Silicon	Ytterbium
Aluminum	Copper	Iodine	Osmium	Silver	Yttrium
Hydroxide	Dysprosium	Iridium	Oxygen	Strontium	Zinc
Barium	Erbium	Iron	Palladium	Tantalum	Zirconium
Beryllium	Europium	Lanthanum	Platinum	Tellurium	

## DIRECTIONS FOR USE:

Apply to established lawns and gardens at the rate of 12 lbs. per 1000 sq. ft. For new lawns or gardens, apply 12 lbs. per 1000 sq. ft. and mix or till into the soil before planting.

For professional and home/garden use. **KEEP OUT OF THE REACH OF CHILDREN.**

*Bloomin Minerals™ Soil Revitalizer* is a 100% natural humate soil conditioner composed of prehistoric plant minerals no longer found in farm and range soils. It contains no added binders or fillers.

## GUARANTEED ANALYSIS:

Sulfur (S).....1.50%  
 Iron (Fe).....2.25%

## PERFORMANCE FEATURES:

High organic matter and humic acid analysis. 76 major trace and rare earth minerals. Increases water retention and penetration. Improves soil physical characteristics.

Contains beneficial non-plant food ingredients:  
 45% humic acids derived from humic shale ore.
